

Dear Friends

The “Siphala Foundation” was formed almost three years ago to give a helping hand to a selected few innocent school children who are deprived of the opportunity due to financial difficulties beyond their control to continue with their education in Sri Lanka.

We (the Siphala Foundation Committee) did not stop there and since then have extended the support to few deserving University students in the island. Believe it or not, the numbers have grown. The Charities Commission in New Zealand in recognition of our efforts has formally registered the Siphala Foundation as a Charitable Trust and as a result the financial transaction of this institution is annually scrutinized by the Inland Revenue Department for transparency. We are ever growing and innovative while you silently contribute to the cause. Conforming to the requirements of the Trust Deed, in the near future there will be at least 2~4 scholarships offered by the Siphala Foundation to New Zealanders aspiring for tertiary education through the University of Auckland.

The corner stone of this evolution is you and we are of the opinion that we are duty bound to explain the activities further in detail and also should call for views and questions from the "The Sponsors" who are considered as the most elite group of the Siphala Foundation.

Thank You,

Sunil Arewgoda

(Chairperson-Siphala Foundation)
